

February 2018 Newsletter

Greetings!

I hope you are well and haven't succumbed to this rather nasty cold/flu virus that's been going around? Or if you have, that you are fully recovered or well on the mend now? I know this has knocked a lot of people off their feet for quite some time.

In May new regulations come into force about Data Protection. The changes this means for us is that we need your explicit consent to send you any text messages and emails. Therefore, we've been going through all your consultation forms and if it's not clear that you have given this consent, we've removed you from the list to receive these forms of contact. So, if you haven't received your text message appointment reminders or you know someone who hasn't received their email newsletter, this is the reason.

What we are doing is, as each of you comes for your next appointment, we will be asking you to sign new consents, one for SMS messages and one for emails, and then your records will be updated accordingly. You can of course decline, it won't affect our service to you!

STILL AVAILABLE TO THE END OF FEBRUARY

**FROSTY
MORNING
FACIAL**

Let us warm you through with a luxurious pre- you up designed especially for frosty mornings.

We will indulge your senses with this 45 minute facial whilst you are cocooned in a cosy sheet and rest your neck against a heated wheat pillow. During the facial we will exfoliate your skin with a hot compress and whilst the treatment is in place we will soothe your hands with a warm oil massage.

JUST £25

Warming Heaven in January and February

It really does take the chill out of these cold winter days and leaves you feeling refreshed and ready to face whatever lies ahead for the rest of the day.

Book online through the special offers section.

You may have noticed that an Automated External Defibrillator has been installed recently on the wall outside Tupsley Post Office and Stores. (Next door)

This was obtained through a grant by the British Heart Foundation and we are extremely lucky to have it, thanks to the Central Tupsley Community Group for organising it.

It can be used by anyone regardless of training, as it offers clear vocal instructions on what needs to be done.
