

February 2021 Newsletter

Greetings!

I don't know about you, but January seemed like a very long month. But have no fear, February is actually the shortest month of the year! I have decided to use the newsletters this year to celebrate anything and everything. There's actually an enormous amount to celebrate when you start to look, no matter what religion, race or background. So be warned, the celebrations start here! (Apart from a few words about not being able to re-open yet 😞.)

Something massive to celebrate is the rollout of the Covid 19 vaccination programme. I know that quite a few of you have already had your first vaccination and I hope to do my bit at some point, as I have applied to be a vaccinator putting my previous nursing experience back into use.

So it looks like there won't be a decision about any loosening of restrictions until February 22nd. With the date of 8th March as the earliest that schools can return, then that means that we won't be able to keep any appointments for that first week in March at least. I will be in touch with everyone concerned individually to confirm this.

To be honest, I can't see us being allowed back to work until the beginning of April, but as soon as I have more definite information I'll be in touch. In the meantime, please get in touch via email if you have any concerns about missing your treatments and I may be able to offer some advice for home-care until we can meet again.

Please also note that we will keep our 2 special offers below, going indefinitely, so that's something to look forward to! 😊

A radiance boosting anti aging treatment that visibly reduces the appearance of wrinkles, fine lines, puffiness, and dark circles.

This treatment begins with cleansing of the eye area and removal of eye makeup. Then a Collagen serum is applied and massaged into the skin. The eyes are then covered with a moistened marine collagen eye veil. After 15-20 minutes, the collagen veil is removed, and Collagen Eye Cream is applied.
