

## July 2021 Newsletter

Greetings!

I will not make any comments about the weather this time, because as soon as I do it changes, and not always for the best!

It's brilliant news about the vaccination programme and the progress they are making. Shame the releasing of restrictions didn't happen on June 21st, but overall I feel it was probably for the best and it's looking really positive now that they will be eased on July 19th.

Ahead of that I have put all our facials back on the menu and full body massages too. I have put our towels back in use, so if you were coming for back massages previously and bringing your own towels, you don't have to do that anymore. Thank you for bringing your own towels in for the last few months.

The salon looks more like normal again, yippee. The only treatment we are still not doing is facial threading hair removal, because we hold the thread in between our lips.

Our reception area is still classed as a no waiting area until we have the all clear from the government about the easing of social distancing. All being well that should be back to normal toward the end of the month.

I have got some information below about some of our facials to remind you what we do.

**Please make your bookings here.**

- **Fiji Aromatic Facial for dry/sensitive skin:** Drink in the aromas of Rose and Patchouli whilst they smooth, soothe and soften your skin.
- **Hawaii Aromatic Facial for normal/combination skin:** The sumptuous aromas of Lavender and Sandalwood will revitalise and refresh your skin.
- **Capri Aromatic Facial for Oily skin:** The fresh aromas of Camphor and Lemon will invigorate and purify your skin.
- **Hold Back Time Facial for Mature skin:** Helps to eliminate fine lines, enhances skin tone and elasticity, invigorates tissues, stimulates circulation and leaves your skin moist and fresh looking.

All of these facials include cleanse, tone, exfoliation, hot compress, massage of face, neck and decolletage, mask and moisturise.

If you can't get to the salon for a treatment, we have a great selection of products for you to use at home. Including these sheet face masks. Great value at £4.90 each and they can be used more than once if you put them in the fridge!

## CELEBRATIONS THIS MONTH

- **4th American Independence Day**
- **14th Bastille Day in France**
- **15th St Swithins Day**
- **19th Eid-Al-Adha. The Islamic Festival of Sacrifice.**

## Book Online Here

Warmest Regards,  
Wendy.
