

April 7th 2020

Greetings!

As you know, Beautonics has had to close for the next while due to the global COVID-19 emergency. Which means our beauty/skin/nails/waxing needs have to be put on the back burner for the next few weeks. But don't worry - we are ready to buff, shape and shine you back to your real self the moment this is all over. We'll be in touch fortnightly until then.

For now, here are three important things we wanted to share that will go a long way to keeping you beautiful and our salon business healthy:

Tip #1 Love Yourself

Give yourself a new daily routine of self-care that includes lighting a few candles, playing soothing music and treating yourself to some at-home treatments while you're missing your salon treats (we miss you too btw!). To that end we have got some products that you can purchase from us right now, and we'll post them out to you FREE of charge. Click on the form below and it will give you a full list of what's available and how to get the order in and ways you can pay. As well at the order form Lisa as written some useful information about the Jane Iredale products that are on the list

[Online Order Form](#)

Looking after your mental health is really important right now. Many of you know how much I value my training with Gerry Pyves who created *NO HANDS* Massage. Gerry has provided a FREE resource that anyone can use to help support their mental well-being, not just now but going forward as well. I want to share that with you now

Tip #2 Pay it Forward with a Voucher Online

You can support our business during this time of enforced closure by putting some or all of your next appointment spend onto a pledge for our salon now. This will go a long way to keeping our business healthy while we can't carry out appointments.

We'll then send you a complimentary voucher for that amount which you can use when we reopen our doors. And you'll have a lovely treatment to look forward to when our lives return to new-normal. Win-win!

As it's really hard to get out and buy presents now you can also buy a voucher for someone else.

The pledge is a legal term we must use now, but rest assured we will be here to honour it and you are still buying the voucher.

Tip #3 Stick to the Professionals

No matter what, please don't even think about turning to unqualified people offering treatments inside your home or unsafe versions of salon-only treatments you see online. Many of these alternatives have not been tested for safety and social distancing remains a priority at this time. We promise we will be here for you when all of this is over!

We can't wait to welcome you back into Beautonics as soon as we can. In the meantime, a big thank you to all our loyal clients during this time.

Stay safe, from all of us at Beautonics x

Enjoy your Easter weekend, perhaps by Zoom videoing, Skyping or Facetiming, at least you'll be able to see your loved ones faces, not just hear their voices that way.

Warmest Wishes,

Wendy.
