

APRIL 21ST 2020

Greetings!

Is it just me or does it finally feel like Spring is here to stay? Brighter mornings, fresher days & longer evenings, what's not to love!

This month sees both William Shakespeare's Birthday and St Georges day on the 23rd, a real day of national pride. But I think that every day seems to be a day of national pride at the moment, which is highlighted by the Clap for Carers on Thursday evenings. In my street it's lovely to see all my immediate neighbours out showing their support, but I can also hear other people in the village clapping and banging on saucepan lids etc. Magical!

Now just because you can't get to us at the moment doesn't mean that we can't help you get ready for the season ahead with some home treatment ideas. Read on below and see what takes your fancy.
