

August 2020

Greetings!

I want to say a huge thank you to everyone who has been into the salon since we re-opened on 14th July. You have all been really respectful of the safety measures we had to put in place and it has given us the confidence to relax some features a little more, which I will explain later.

I must say I didn't realise how tired I would be coming back after such a long break, you would have thought I'd be fully refreshed and be able to get back into the swing of things really easily! Maybe it's my age, but that didn't happen straight away. It is getting easier again now it's 3 weeks on thankfully.

\*\*\*\*\*

**GROWING CONFIDENCE**

Thanks to your support we have been able to place some stock items back out onto the shelves in reception, which makes it look more normal. Much nicer than looking at posters of products. We would still ask that you don't handle the products as we are more than happy to assist you with any purchase.

If you know what products you want please give us a call and we can reserve them for you to collect at a designated time.

We've also had another look at reception and re-measured the space. This has enabled us to safely re-instate the manicure station, with the obligatory perspex screen! Anyone coming for any hand/nail treatment will be asked to use the hand sanitiser on entry to the salon and then wash their hands thoroughly for 20 seconds minimum before their treatment. This removes the need for the soaking bowl that we used to use.

\*\*\*\*\*

**WE CAN NOW OFFER MORE TREATMENTS FROM AUGUST 4TH**

*(Although not as many as we had hoped, due to the postponement of the next stage of lock-down release)*

All Manicures  
Indian Head Massage  
Earcandling

We can work from behind or standing/sitting at the side for Indian Head Massage and Earcandling and behind a perspex screen for manicures.

\*\*\*\*\*

## TREATMENTS WE STILL CAN'T OFFER SAFELY AT THIS TIME

Full Body Massages  
Threading  
Any Facial  
Any Facial Waxing or Tinting  
Make-Up Application

The guidance currently states that we should still not be working directly in front of the face and all treatments should be kept to a minimum length of time. This kind of rules out a nice hour long relaxing facial or full body massage in my view!  
Threading won't be re-instated until masks are no longer needed as we hold the thread in between our teeth.

We'll have to wait until the government makes their next review on 14th August to find out if facial waxing and tinting will go ahead. Sorry for the constant changes but we are at the mercy of this virus currently.

## RETIREMENT

Alison, our visiting Acupuncturist, has decided the time has come for her to retire from her practice here in Hereford. We'll miss her very much with her calm and cheerful disposition. She's been practicing at Beautonics since November 2003 and has seen a great many clients over the years. She's helped a few babies turn the right way, helped couples become parents, helped women through some difficult times in their lives and a whole host of other issues for both men and women. She will still be practicing part time in Malvern, which is her home town.

We wish her well for the future and hope she has many happy times ahead with her grandchildren and all her family.

Stay Safe.  
Warmest Regards,

Wendy  
Senior Therapist and Director

97B Old Eign Hill, Hereford HR1 1UA
