

September 2020 Newsletter

Dear Mary,

We are pleased as punch to let you know some good news! We will offer some select facial treatments from this week on.

We also want to assure you we will wear a mask during treatments and a visor, gloves and apron. We've been working hard to make sure Beautonics is a place where you will feel safe and relaxed with the social distancing measures we have put in place.

Facial treatments available from this week are all ones we feel safe to deliver, as we can be more at arm's length away from your un-masked face. They include: Precious Time Facial, Resurface and Peel Facial, Microtone Non-Surgical Facelift Facial and Microtone Eye and Brow Lift.

Read on below for a Focus on each of these facials so you know what to expect. There will also be some advice for home-care if you're suffering with breakouts because of having to wear masks more often.

So get in quick and book your long awaited and much deserved face treatment!

FOCUS ON: RESURFACE AND PEEL

This treatment is ideal if your complexion is dull and needs a boost. Or if you're suffering with a few breakouts because of wearing masks or more problems with acne for the same reason.

Using a complex blend of Glycolic, Salicylic and Fruit acids to eliminate dead cells, resurface and exfoliate, smooth and refine. Sodium Bicarbonate to deep cleanse, purify and clear congested pores whilst helping reduce irritation and Vitamin C which is a potent anti-oxidant to help correct skin tone, brighten and clear a dull complexion.

Although Peels are good for mature skin, they are also a welcome treatment for anyone suffering with blocked pores, breakouts, acne, pigmentation, uneven skin tone and texture and they help to generally increase overall skin health and radiance.

This is a 45 minute treatment and will need a 15 minute free consultation before your first treatment. We can do the consultation over the phone to save a separate visit to the salon in the covid secure times.

FOCUS ON: MICROTONE NON-SURGIACL FACELIFT

Adhesive pads and hand held probes gently pulse and stimulate the face.

At the end of the treatment the facial tissue has been lifted, toned, stimulated to increase collagen and elastin fibres and will feel soft, smooth, refreshed and vibrant. Grey neglected skins will now look fresh, pink and toned. Better results are achieved with an intense course of 12 sessions initially.

This is a 45 minute treatment and will need a free 15 minute consultation before your first treatment. The consultation can be done over the phone to save a separate visit to the salon in these covid secure times.

MICROTONE EYE AND BROW LIFT

As with the Non-Surgical Face lift, hand held probes will gently pulse and stimulate the area all around the eyes and brows. Thus giving a younger looking, brighter and more alert wide-awake eyes. This is so important at the moment when the rest of our face is covered with a mask so much.

This is a 30 minute treatment and the free 15 minute consultation will be needed as above.

**FOCUS ON:
PRECIOUS TIME FACIAL**

Are you pushed for time but still need a boost for your skin? Then this is the one for you. Using Monu Skincare products chosen for your skin type it includes a cleanse, tone, scrub, mask and moisturise.

This is a 30 minute treatment. No consultation needed first, just book yourself in!

SUFFERING WITH BREAKOUTS DUE TO WEARING MASKS?

There are a few simple things you can do to help keep your skin refreshed throughout the day especially if you're having to wear a mask for any length of time.

1. Exfoliate your skin twice a week with a gentle scrub such as Monu Micro-Exfoliant. This helps to clear away any congestion from the surface of the skin.
2. Use a lighter moisturiser than normal, perhaps something more suited for oily prone skin. like Monu Mattifying Lotion.
3. Spritz your face throughout the day with something like Jane Iredale Pommist Spray. This refreshes not only your skin and your make-up but helps to keep you cool as well.

These products can be purchased from us. Call us on **01432 370550** to reserve yours and choose a time to come and collect.

We're looking forward to working our magic on you soon.

Warmest Regards,
Wendy.
